

Vleissentraal SA Stud Book Elite Bull growth test class

HBH 210137 van Ed Clark (HBH Tuli Stoet) is genomineer vir die Vleissentraal SA Stamboek se Elite bulgroeitoetsklas kompetisie wat plaasvind in Mei 2024 by die Bloemskou.

Die kompetisie is 'n vertoonvenster vir elke ras, waar bulle, op grond van hul bewese prestasie, genetiese meriete vir ekonomies belangrike kenmerke en funksionele voorkoms kwalifiseer om teen mekaar te kompeteer in die ring.

Knap gedaan Ed!

ARC National Elite Cow

(Sponsored by Farmer's Weekly)

Congratulations to Dave Mullins of Avondale Tuli Stud who walked away with this prestigious award at the 45th award ceremony.

For cows to be eligible for consideration they should exhibit exceptional reproduction figures and other economically important traits including their maternal ability and pre-weaning growth rate (weaning weight of their progeny).

This award category is also contested, as in the past, among cows across all breeds and only one cow per breed will be crowned as the top female of each participating breed.
